About Us

Rumis Altt is a leader in architectural design. We focus on delivering innovative, sustainable, and timeless architectural solutions, pushing the boundaries of form and function without compromising on quality.

Specializing in both contemporary and traditional high-end Design, we deliver custom architectural solutions that blend aesthetic appeal with functional sophistication.

Our portfolio spans contemporary and traditional Designs that reflect our clients' aspirations. As a result, we have earned a reputation for excellence in the design sector throughout Nigeria.

Our Core Value

“Striving to achieve perfection within budget and with client satisfaction”

Quality

We always adhere to principles of best practice and service excellence. In so doing, we have built a name for ourselves that has undoubtedly become a by word for quality.

Vision

To be a globally recognized diversified group, setting and leading the pace in our field by delivering exceptional value, fostering innovation, and embracing sustainable practices.

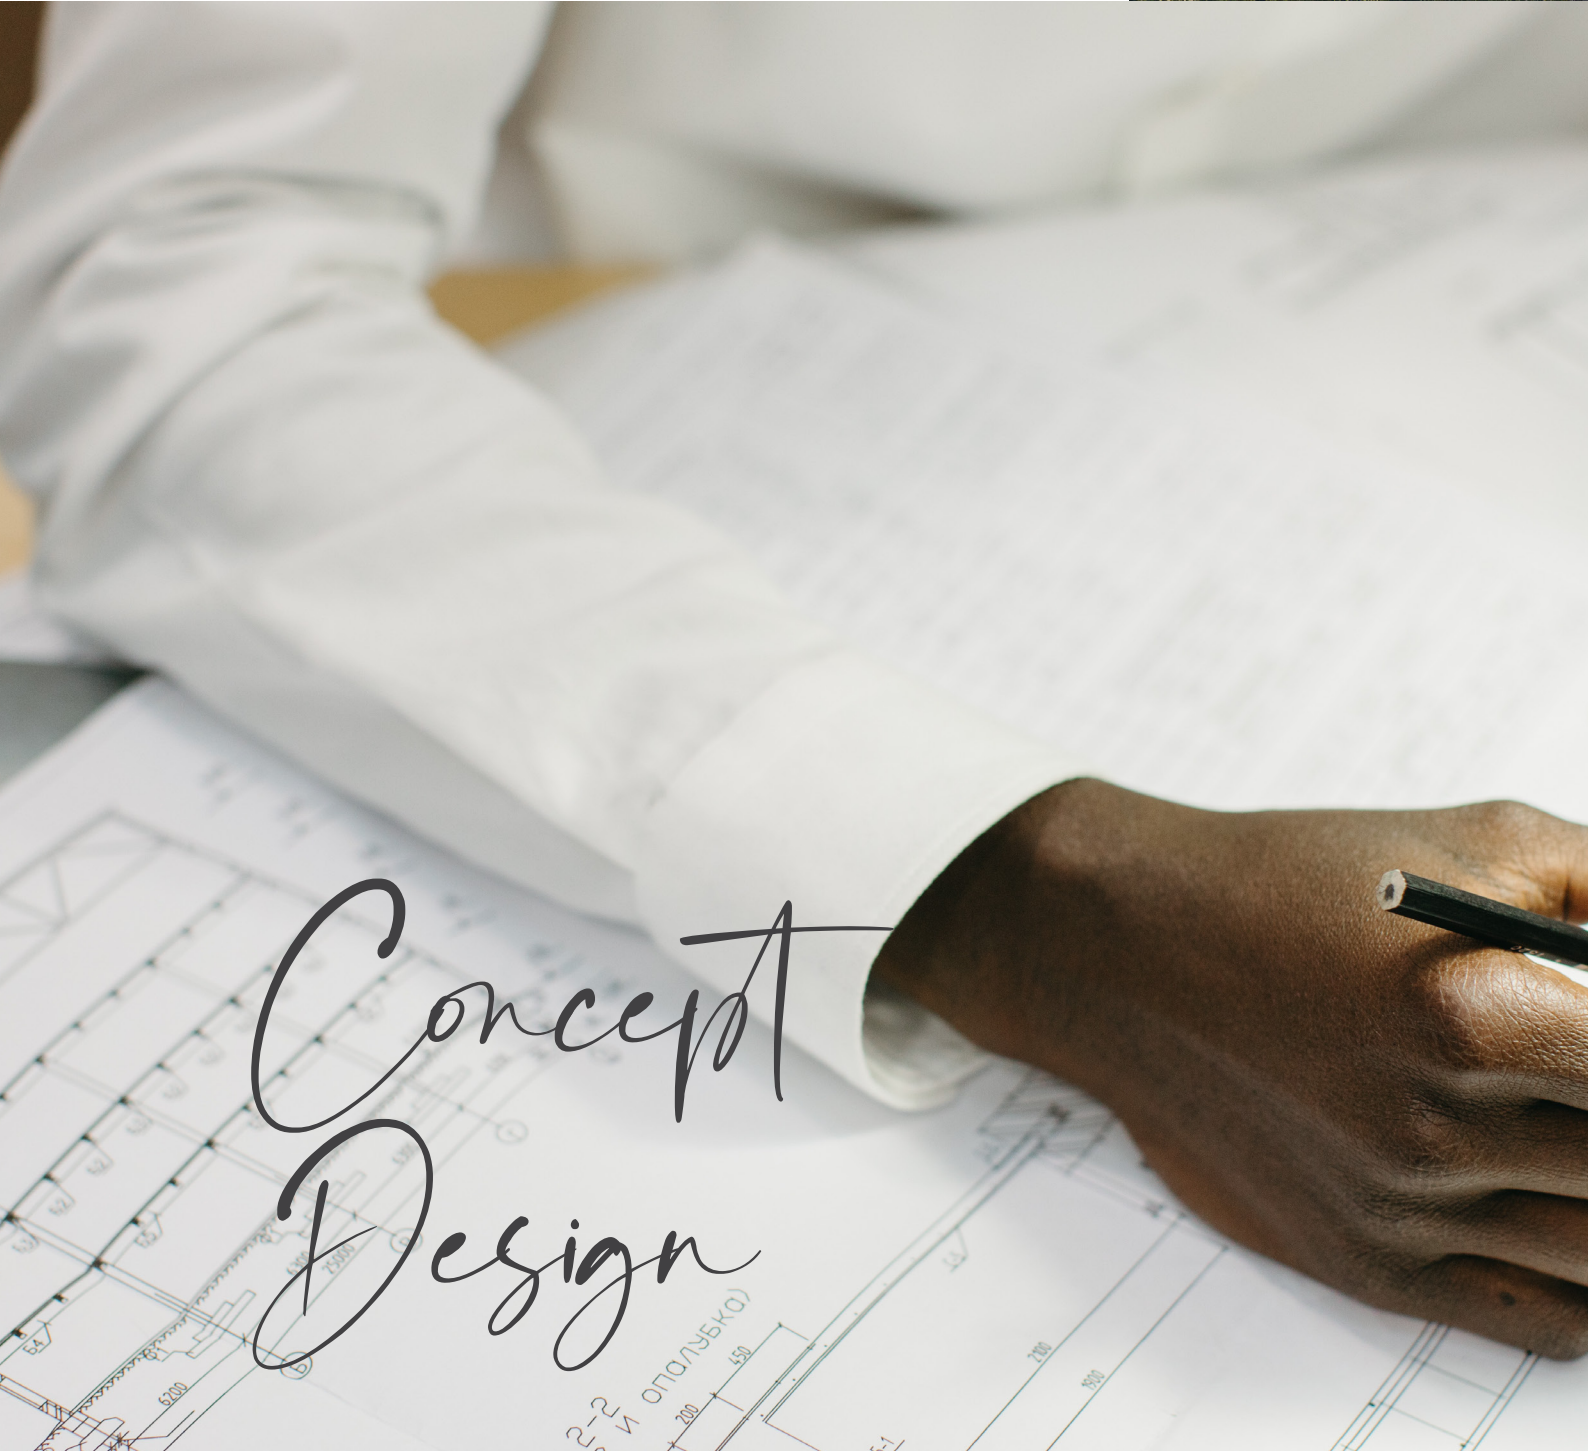

Commitment

We believe that the best results are achieved by the early and committed collaboration of all project-stakeholders from the design process through to the entire performance life-cycle of the structure.

A close-up photograph of a person's hand, wearing a white shirt cuff, holding a black pencil. The hand is positioned over a set of architectural blueprints. The blueprints feature various technical drawings, including a grid of points and lines, and some text in Cyrillic. The word 'Concept' is written in a large, elegant, black script font, and the word 'Design' is written below it in a similar script font. The background is slightly blurred, emphasizing the hand and the blueprints.

Concept Design

The Concept Design practice focuses on designing innovative luxury homes, both contemporary and traditional, tailored to the taste and needs of the client. Rumis Altt remains at the forefront of design by exploring new forms, pushing the boundaries, and evolving with technology without compromising on the authenticity of the design, aesthetics, materials, and originality.

A construction worker wearing a grey baseball cap, safety glasses, and a high-visibility yellow safety vest over a dark long-sleeved shirt. The worker is focused on a task, with their hands positioned on a wooden surface, possibly a formwork panel. The background shows a complex network of vertical and horizontal wooden beams and wires, typical of a construction site. The entire image is overlaid with a semi-transparent green filter.

Our Projects

Cj

It defines the way we work and the work we produce. We are renowned for delivering creative approaches that shift regular thinking and perceptions-sometimes unorthodox.
